Appendix (cont.)

If students choose to take courses other than SPCH1010 or an anthropology class at Cuyahoga Community College to fulfill the Arts & Humanities/Social & Behavior Science degree requirements, those classes will be evaluated on a course-by-course basis.

Because transfer credit is evaluated on an individual basis, and curriculum changes occur each year, the above list is a guide only and is not intended as a guaranteed study plan. If any curriculum changes occur at Johnson & Wales University or Cuyahoga Community College, these changes must be communicated to allow for appropriate modifications to the agreement. Johnson & Wales University course catalogs will be available which outline current curricula and course offerings. Students should always discuss their individual study plans soon after their arrival at Johnson & Wales University. Other general studies courses not listed will be evaluated on a course-by-course basis.

Students may visit our website at www.jwu.edu/sas to review the Johnson & Wales catalog. Please refer to the catalog for specific majors offered at various campuses.

Students from the Cuyahoga Community College will have the opportunity to transfer to our campuses in Providence, Rhode Island; North Miami, Florida; Denver, Colorado; or Charlotte, North Carolina, depending on their chosen field of study. Due to limited course offerings which will be available at the Charlotte campus, it is important for students to discuss transfer credits and course availability with an admissions representative.

We look forward to a positive relationship and to serving your students in the continuation of their education. If any of your students have any questions, please direct them to an admissions representative at 1-800-342-5598, ext. 2310.
